

Tulsa's Jet-Age Airport

TULSA MUNICIPAL AIRPORT

Tulsa, Oklahoma

Built at a cost of \$7,768,000, this beautiful modern structure designed for Tulsa's needs of 1970, has the latest known methods and devices for expediting the movement of passengers and cargo, and is truly a Jet-Age airport.

*Jean Ann's brother is
an architect with the
firm of Murray -
James Murray who
designed this airport*
